Post Season Series.

St. Louis Nationals..... 1

Philadelphia, Oct. 12.-It was all New York today in the third game for the baseball championship of the world between the National league champions and York. Mathewson pitched another magmificent game, the Philadelphians hit-ting him for only four singles—the same number of hits they made off him on Monday, Only one home player reached second base. Coakley, the former Holy Cross coalege vitable, received por SUDsecond base. Coakley, the former Holy Cross college pitcher, received poor support, the American leaguers putting up one of the worst exhibitions of fielding they have been guilty of this year on the home grounds. Murphy was the chief offender. He fumbled three grounders at critical moments, and Hartzell dropped a fly ball. The usual good head work of the home players was missing. New York played an easy game.

Two in First Inning.

New York started off with a rush Donlin singled, Bresnahan going to third-McGann also singled, on which Donlin moved to third, while Bresnahan scored the first run. Then Murphy fumbled Mertes' grounder, on which Donlin scored. Dahlen waited for four balls, filling the bases. Devlin chopped a grounder to Coakley, who threw McGann out at the plate, and Schreck made a pick throw to first, heading off Devlin, completing a double play. Excepting a murf., by Hartzell, of McGann's fly in the third inning, the New Yorkers went out in order in the second, third and fourth innings.

Distress in the Fifth.

The fifth inning was a distressing affair for the home rooters. Mathewson went out on an easy grounder to M. Cross. Bresnahan was given a base on balls. Murphy fumbled Browne's grounded. Bresnahan going to third, and Browne took second on the throw to catch Bresnahan at third. Donlin was purposely given four balls, filing the bases. Then Murphy fumbled McGamu's easy grounder. Bresnahan scoring. A single by Mertes to right sent Browne home. Dahlen forced Mertes at second. on which play Donlin scored, and a moplate with the the ninth man up in the inning, sent a fly to Lord.

Schreck Sent to Bench.

But Nine Reach First,

Of the thirty-two men who faced Mathewson, nine reached first. Hartzell, the first man up in the first inning, was safe on Devlin's fumble of his grounder. He stole second, and was caught between the bases on Davis' talder's chairs. Sevivald got to first in hy had been captured. Seybold singled in the same inning, and never got away from first base. In the eighth Coakley was hit by a pitched ball after two were out, and the man who followed him was an easy victim. With two out, in he ninth, Captain L. Cross singled, and Seybold ended the game by striking out.

This will give that city representatives on whom she can depend to uphold her bowling prestage, and at the same time will assure the Salt Lake public that the best to be had will take part in this tournament. It might not be a bad idea for Butte, Seattle, Portland and other coast towns to adopt the same tactics, as it would give many bowlers who could not otherwise take the trip a chauce to come

This is considered an important move, for as soon as the entries are closed the government will commence work. The surveys and preliminary work are about completed, and Engineer George L. Swendsen expects to see work commenced on the tunnel some time this fall. At this time, however, nothing definite can be stated. After all the land entries are made the contracts will be sent to the department of the interior for inspection.

The attendance was officially announced at 19.391; the receipts, \$8.348, and the players' share, \$4.507. The total attendance of the three games was \$5.538, and the total receipts, \$4.062.

"Nothing definite was accomplished this afternoon nor do we hope to complete plans until a number of meetings have been held. The project is a large one and must be given ample consideration. We meet next Wednesday to again take up the subject."

The opinion was expressed that at least a month and probably two, would elapse before the plans of the millers would crystallize into anything tangible. The plan is similar to the one which was boested several years ago. It is claimed that great benefits would be derived locally by the proposed combination. This would be literally a trust, controlling the milling of about 6,000,000 bushels of wheat per annum.

Portland Man Gets Job.

Stanford University, Cal., Oct. 12.—John R. Holman of Portland. Ore., was this evening elected captain of the freshmen football team, which will meet the University of California freshmen next Saturday. A peculiar thing in connection with this election is that Holman is the third successive man from Portland to captain the Stanford freshmen team. Last year Fenton was captain, and the year before Scott was given the honor. Another coincidence is that all three of these Portland men played the position of quarterback.

Washington, Oct. 12 .- The American As sociation of Bankers today put itself ment subsidies for the up-building of the American merchant marine. presented by the executive council of the association and adopted by a rising vote in which it was estimated that three-quarters of the delegates took the affirmative side.

The report of the currency committee was received, but no action taken thereon. The report followed the suggestions made yesterday by Secretary Shaw in his address before the convention for an emergency currency.

The enthusiasm of the day was vented on the ship subsidy proposition. The five enacting clauses of the resolution are as follows:
